

Hello and welcome to

Casa Manzil

To make your stay at our lovely place as easy and safe as possible,
**Please check the information of this sheet
with a cool drink in your hand ;)**

Let's Start With The Most Important

WiFi Networks: We have 5 WiFi extenders placed all over the Villa. Depending the place of the house you will be able to connect to different extenders. Password: Villa Manzil

Keys: You have 3 complete sets of keys, please don't lose them ;)

Locks: When you leave the House, please take care that all Windows and doors are closed and locked. You are making holidays in one of the safest áreas of the Costa del Sol, but we still recommend to close the House when you go out.

Yes, you are allowed to **take lemons from the trees** for your Gin Tonics ;)

Trash: Small bin buckets are located under the kitchen top, ones they are full, please take the bags up to the road. On your way to Mijas you'll see where to put them. Please don't place the bags on the floor of the ground floor terraces, we have natural floors and placing trash bags on top can ruin the stones!

Pool: to keep the pool and the plot nice and clean, we have a Gardner coming twice a week. Anyway, please take a shower before jumping in.

The House

We take care of all details to make your holiday unforgettable.

Please help us to keep the house in a good shape.

Address: Calle Picasso 7, 29650 Las Lomas de Mijas, Málaga.

Air Conditioning: As you know, there are air conditioning machines in each bedroom, in the living room and kitchen. BUTTTTT we are in Spain... if you turn them all on at the same time, electricity will probably blow off. So please do not turn them on if the windows are open or if you leave the house, they are powerful enough to cool the house in a few minutes. Let´s not contaminate the world more than necessary.

Gas Grill: To complete your holiday experience, we also have a gas grill. To turn it on check the gas bottle on the right side of the grill. If you see a painted flame on the connection on top of the bottle you are ready to turn it on. If not turn the key until you see it. Clean the grill after using it, all parts of the BBQ can be taken off and placed in the dishwasher. A spare gas bottle is waiting under the stairs. (If you have any problems call Manuel)
